

LITTLE RIVER 6hr WICKED ROGAINES

A FUNDRAISER EVENT. SIMPLY WICKED TO GET OUTSIDE!

Little River Wicked Rogaine 6hr, 4hr and 2hr Rogaines Sunday 5th August 2018

Dear Team Captain,

We spent this week putting out controls and checking the course for Sunday's Wicked Rogaine. The course has spectacular views, grassy meadows, cascading creeks, cool pockets of native trees, lots of route choice and for those that want the extra challenge there's abundant steep hills, uneven terrain and exposed ridges.

The weather for Sunday is forecasting to be not as balmy as some of the recent days, but the event is still definitely on.

We would like to thank our sponsors Suunto and Torpedo7 and we are excited to be able to have 2 x SUUNTO WATCHES to give away as part of the spot prizes.

We would just like to make a few comments and notes from the course.

1- Local Community

Again, we are most appreciative of the help and support of the Little River community who have provided farm access and assistance in putting on the event. They are happy for teams to go through their land, as long as we respect them. There are lots of working farms.

- We don't want to disturb the animals.
- Stay away from private properties and other out of bounds marked on the map.
- Be careful when crossing fences, always do it on the strongest part of it, like posts.
- Keep gates how you find them, if in doubt, close it.

2- Damage to property

One specific request from the farmers was to let them know if someone damages any fence, gate etc, so they have the chance to repair it. We don't want to blame, we just want to fix. We will have an anonymous damage table at the finish line, where teams will be able to mark on the map if there is any area that needs to be fixed.

- If you damage something, please let us know.
- We will then be able to fix the damage.
-

3- Forecast

The weather is looking perfect for an adventure on the hills on Sunday. It is very unlikely that we will cancel the event due to bad weather. If we need to cancel we will post on the Wicked Rogaine Facebook page by 8am on Sunday.

4- Mandatory gear

Wet weather Sundays are a good example of why we ask teams to bring compulsory gear, please make sure you have everything you need, for your own safety. We recommend teams take some extra warm clothes, make sure they have a good waterproof jacket, gloves and hat. We also suggest participants bring a pair waterproof pants. The mandatory gear list is below. Or [click here](#). Teams will have the chance to travel along the exposed tops.

5- Map

We tried to update some tracks that might help teams, specially beginners, to navigate on some parts of the course. Vegetation and fences are not a 100% accurate. Out of bound areas are marked on the map, please stay away. Be very careful when crossing the roads. We designed the course so that teams shouldn't have to travel along the roads. It is strictly forbidden to travel along the Highway 75 or Bachelors Road.

6- Food

Don't forget to bring plates, cups and cutlery, otherwise we won't be able to serve you food. Join us helping the environment.

7- Teams List

An updated Teams list is available [here](#). I have included the first information letter below, in case you missed out.

As the team contact person, please ensure all team members are familiar with all the information in this update. This information is also accessible at: wickedrogaines.nz

See you out there on Sunday!

- The map is based on the LINZ Topo50 data with updates from aerial photography, farm maps, GPS and field observations
- The terrain is mainly open farm land with long grass. It has patches of thick bush and scrub but with reasonably open land. If you encounter very thick patches backtrack and find a more open route.
- Elevation ranges from a low of 10m to the highest control at 850m.

Little River Rogaine Wicked Rogaine Safety Sheet

Safety is a priority during this event. However the organisers cannot guarantee your safety and you participate at your own risk. Your responsibilities include:

- carrying all compulsory protective clothing and other safety equipment.
- staying together as a team at all times, and providing mutual support.
- helping any other team you find in difficulties.

Hazards to be aware of are:

- **Hypothermia.** Wind, water and cold temperatures can lead to exposure or hypothermia. Early symptoms are subtle (clumsiness, lethargy, slurred speech). Be prepared to seek shelter or to call it a day if conditions are severe, or if any of your team is becoming exhausted. In severe weather, keep off high, exposed ridges.
- **Streams.** Do not cross streams if they are heavily swollen.
- **Cliffs and slippery rocks.** There are cliffs and large outcrops throughout the event area. Please be very cautious around steep faces and rock bluffs throughout the course, especially after dark.
- **Fog/low cloud.** If in fog, orientate the map and yourself with a compass. If in doubt, don't climb into cloud, and descend out of it.
- **Rough ground,** such as steep banks, rock outcrops, incised creeks, slippery long grass slopes, and hidden obstacles such as logs, rocks, loose fencing wire.
- **Fences:** Assume electric fences are ON. Insulate yourself with a plastic sheet/map bag, rainwear, etc. There are some fallen over/half buried fences that need to be avoided.
- **Matagouri:** Full body cover is advisable. If you enter thick scrub it is likely there is an easier route, backtrack and go around.
- **Road traffic:** You are unlikely to make much use of roads but where you do – face oncoming traffic, keep to the extreme verge, wear reflective clothing after dusk.

In the event of serious injury or exhaustion, make injured person warm and comfortable; arrange, if possible, to leave someone with the person; note your exact location on the map; seek help via nearest road or farmhouse. Emergency signal: repeated short blasts on whistle. Repeat if you hear one long blast.

Teams must carry a cellphone. While there is limited coverage in the valleys; there is good coverage on the higher tops. The emergency number to ring will be 027 388 0626. This number will also be listed on the event map.

If you become totally disorientated, travel down slope to sheltered ground. Be very careful of steep cliffs. If you become totally lost try and descend and head SOUTH.

I also agree that I, and not the organisers and officials of this event, Hotteams Ltd, Wicked Rogaines or the land owners, am responsible for my safety while I participate in this event.
